They have burned, looted, rioted, assaulted. They used the entire state IC apparatus to try and conduct a coup against a President. They stole an election. They closed our country over a contagious flu.

Sounds like a good time for a charity match. Winner gets to choose the charity. I say a large portion of the money goes to non-partisan charities like something for veterans and the winner gets to pick where the rest goes (in other words, Rogan gets to pick)

Good for him. Apologies are never accepted by the left anyway, so why bother? If enough people stand their ground instead of caving in, the left loses a major part of its power to silence and cancel us.

The biggest mistake that Liberals and Lame Christian Conservatives make is making the assumption that True Christians are Weak and Soft..

True Christians Stand for right and wrong. They don't hide behind jobs, family, friends, colleagues, etc..

The "Facebook Whistleblower" is one of the most transparent political ploys we've seen in a long time. She's a Democrat operative whose primary beef with Facebook is that they dont censor right wing content enough. She hasnt revealed any actual secrets about the company. A farce.

Anyone that's doing any questioning today has to bring up that it should not be about whether or not FB is censoring too little or too much. it's that they ARE censoring completely and blatantly one sided based only on opinion and not science

It's like when we got Russian refugees (a long time ago): they weren't complaining against communism, but against the different brand of communism that won and they had to flee from. Same thing here!

BREAKING: After an Arkansas Judge told Bentonville Public Schools they have no right to mandate masks, neighboring Rogers Public Schools have officially removed their Draconian Mask Mandates as well!

Dear RPS Staff

We will be sending out the following message ... to ... you ... this information ...

Dear RPS families,

Based on the Sept. 21 vote of the ... Board of Education and reaching the authorized lower level of active cases of Covid in our district, masks will be optional for students in grades Pre-K through 6th and for the staff serving them beginning tomorrow, Oct. 8. BREAKING: After an Arkansas Judge told Bentonville Public Schools they have no right to mandate masks, neighboring Rogers Public Schools have officially removed their Draconian Mask Mandates as well!

Dear RPS Staff

We will be sending out the following message to ...

Dear RPS families,

Based on the Sept. 21 vote of the Rog... Board of Education and reaching the authorized lower level of active cases of Covid in our district, masks will be optional for students in grades Pre-K through 6th and for the staff serving them beginning tomorrow, Oct. 8. Face coverings continue to be strongly encouraged as a health precaution in school buildings but are not required now in all grades.

It's hilarious to watch all of the Democrats who Boo God at their convention and advocate for slaughtering babies 24/7 to explain to conservatives that FJB and Let's Go Brandon are "offensive"....

Sit down, adults are conversing you clowns..

Let's use the term Coercion in a sentence.

Biden's administration trying to force people to take the V or lose their livelihood is COERCION in the highest form.

coercion | kō'ərZHən, kō'ərSHən |

noun

the practice of persuading someone to do something by using force or threats: *it wasn't slavery because no coercion was used.*

🚨🚨 NO active shooter at #Rogers High School

Rogers Police tell @KNWAFOX24 that the reports of a shooting were a FALSE ALARM.

Police say football player on the field passed out and that's why there were ambulances at the game.

Police locked down the school & found no threat.

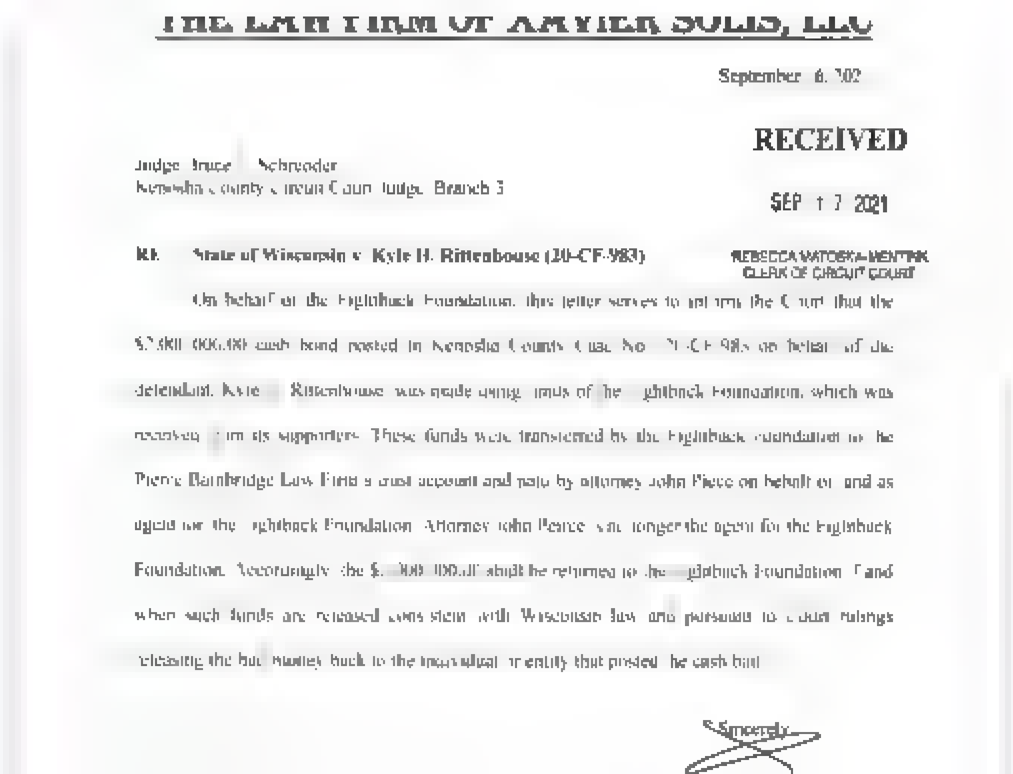
People donated money through Fightback Law (Lin Wood) to Kyle Rittenhouse's legal defense.

Kyle fired Lin in Dec.

People didn't donate to Lin Wood, so why would he want $2M back?

Only monsters hurt innocent people in their greatest time of need.

Kyle's trial starts Nov 1.



THE LAW FIRM OF XAVIER SOLIS, LLC

September [illegible], 202[illegible]

RECEIVED

SEP 17 2021

REBECCA MATOSKA-MENTINK
CLERK OF CIRCUIT COURT

Judge Bruce [illegible] Schroeder
Kenosha County Circuit Court Judge, Branch 3

RE: State of Wisconsin v. Kyle H. Rittenhouse (20-CF-983)

On behalf of the Fightback Foundation, this letter serves to inform the Court that the $2,000,000.00 cash bond posted in Kenosha County Case No. 20-CF-983 on behalf of the defendant, Kyle [illegible] Rittenhouse, was made using funds of the Fightback Foundation, which was received from its supporters. These funds were transferred by the Fightback Foundation to the Pierce Bainbridge Law Firm's trust account and paid by attorney John Pierce on behalf of, and as agent for the Fightback Foundation. Attorney John Pierce is no longer the agent for the Fightback Foundation. Accordingly, the $2,000,000.00 shall be returned to the Fightback Foundation if and when such funds are released consistent with Wisconsin law and pursuant to Court rulings releasing the bail money back to the individual or entity that posted the cash bail.

Sincerely,

And you have to ask yourself.

If Lin Wood has fought so hard against the election like he claims, even encouraging people to go in the Capitol on J6, why isn't he a target of the J6 witch hunt?

The J6 committee is only focused on Trump's biggest defenders.

But not Lin Wood.

This is where Kyle Rittenhouse's donations should be made so this young man can afford his legal defense when jury selection starts in just a few weeks.

Not Fightback Law, not a man who told people not to vote, to take back the Capitol on J6, not a liar.

Biden's rallies weren't open to the public due to covid restrictions, so that's not really a fair comp. Also, Trump is infinitely more entertaining than Biden. Hell, I voted for Biden and even I'd rather go to a Trump rally for the sheer entertainment factor

The grumbling, moaning, & complaining about Trump running again in '24 from within the GOP conference just shows you that everything wrong inside the GOP still exist.

Instead of caring about who & what policies their voters support they still remain Never Trumpers.

We have to stop saying that your vote doesn't matter, it's just not true.. They targeted 7 key Metropolitan areas.. The most moronic and idiotic thing you can do in a free Republic is encourage people to not vote..

We know where to fix now, and we're working to fix it, period!

EVERY SINGLE ONE OF US should be registering at least 3-5 NEW voters per month in our areas... Just like Scott Pressler is teaching..

If we do that, they can't out fraud you, period... Stop making excuses, and GET INVOLVED folks!

FYI: There is this inaccurate illusion that Jesus was some kind of pacifist wuss. Jesus believed in fighting for what was right! At the expense of his own life I might add!

He was known to yell, chastise folks, flip over tables, and chase them with a whip.

Learn to fight!

Happy Columbus Day, Patriots!

Columbus was a heroic explorer who deserves to be celebrated, not disparaged by America-hating pinkos.

It took hundreds of years for Italian Americans to establish a federal holiday in his name. Let's not let their effort go to waste. 🇺🇸

Ever since the airlines took all the bailout money they are stuck doing what the government tells them. This applies to all of the industries they bailed out - even the ones they forced to take the money.

Yet all of Gruden's emails come out from an investigation he was even not the subject of. Strange until you remember that OWNERS run the league.

would like to also see the private emails of those trying to cancel NFL Coach Jon Gruden for emails that were sent nearly a decade ago.

Maybe once everyone is cancelled, no one will be! Maybe that's what it'll take.

There's really no defending the content in those emails, and nothing to suggest the man isn't the same piece of shit today that he was back then.

I like you and respect your opinion but I saw the emails and they were problematic. I think too many times we have knee jerk reaction to things like this we want to believe the best of people but the comments he made about DeMaurice Smith were wrong. He should have known that.

Last I checked, those are OUTDOOR festivals. It's indoors we have to worry about. I treat music festivals like NASCAR races. You're outside and have plenty of room to spread out

Most people care about community and so are vaccinated and so for most employers this is not a big problem. Those who choose not to, they can go off on indefinite unpaid leaves for the next few years.

Hunter Biden's artwork in LA is sold for $75,000 per piece a few days ago. You can't know how many are sold, who the buyers are, etc.. The White House is keeping all of that private to "protect" the President's son

Imagine if Don Jr. had tired this what the media would say?

The White House agreement crafted was that Hunter Biden wouldn't know the buyers, so Biden showing up at the art selling even in LA to sell his artwork and meet buyers is against their own agreement..

These people are criminals in every meaning of the word..

Everyone of these ships sitting off the coast of California should head over to Florida and get their freight unloaded... Period...

Any future shipments should make plans to head to ports in Texas and Florida, where work will actually get DONE!

The fact that Pete Buttigieg hasn't started asking the Army Corps of Engineers to start mobilizing to California to get these ships unloaded is ridiculous..

What a sham and this pathetic administration would rather shut down the American supply chain than solve the problem!

I worked in logistics for years, the majority of that freight out of California is going to roll via Rail, it's cheaper... Multiple Transportation companies control the rails..

The mandates are the problem, there has to be something happening putting the containers on trains..

Yes, there's been a truck driver shortage for years in America, by tens of thousands. But the question right now is what's going on with the rails? They will take this freight via rails, then to hubs, and out from there. What's happening with the unloading/loading is question.

Matt Couch @RealMattCouch 34m

The products are there, but based on the regulations, mandates, and idiocy There's a worker shortage

The famers have the crops/beef/chicken. The question is why aren't they lifting these ridiculous mandates to get things rolling/processed/shelves stocked, etc.

This shortage falls on the complete and total failure of the Biden Regime
